- 9 Colors
- Wood Grain Textures
- UNILIN Click System
- UV Cured PUR Protective Finish
- Waterproof Flooring
- 25.58 Square feet/Box
- Stone Polymer Rigid Core Construction
- 12 mil Transparent Wear Layer

The Redolent Collection is a resilient, water-proof floor product. It features a Stone Polymer Core (SPC), which provides excellent dimensional stability. Every piece has an extremely durable wear layer and UV cured PUR protective finish, creating supreme abrasion & stain resistance. The surface displays beautiful wood-looking tones and colors, plus wood grain textures. No fasteners or adhesives needed for quick installation with its UNILIN locking system. Plus, a 1mm IXPE underlayment backer is pre-attached to each plank, insulating sound and softening each step.
